

## ***How to find Shilshole Marina***

### **From North & South Bound I-5**

#### **Using North 85th**

The most straightforward route (fewest turns etc.)

From North or South I-5 take the North 85<sup>th</sup> Street Exit and head west on N. 85<sup>th</sup> (your only choice)  
You will go straight west about 3.2 miles staying on the same street. As you travel west, N. 85<sup>th</sup> will turn into N.W. 85<sup>th</sup>.

You will cross Aurora Ave, Greenwood and 15<sup>th</sup> NW, keep going west until you get to 32<sup>nd</sup> NW, the streets all come together at strange angles and you will be at a Stop Sign.

This is the first Stop Sign you will come to. Angle down the hill to the right (there should be a sign pointing to the right and "Shilshole Marina") continue down the hill the street will change it's name a time or two. There are 3 tight switchbacks on the way downhill but stay on the same street and always take the down hill part of the pavement.

At the bottom the road will turn right and go under a train trestle, turn left (south) at the All Way Stop Sign. You will now be on Seaview Ave. NW, go south about 200 yards to the start of the marina. Puget Sound will be on your right as will the marina.

I am on Q Dock, there is a large Q at the top of the dock. You may park on or off the street but please do not park in spaces marked "Parking Permits Required" you will be towed.

#### **North 85<sup>th</sup> Detour**

About twice a year North Greenwood or North 85<sup>th</sup> may be closed because of Seafair Parades or Street Rod Shows. If you run into a closed 85<sup>th</sup> Street (this would be shortly past North Aurora) work your way south to 80<sup>th</sup> and follow it west as you would N 85<sup>th</sup> until you get to the stop sign at NW 32<sup>nd</sup>.

At this point you may turn right onto NW 32<sup>nd</sup> and go north to 85<sup>th</sup> and follow Golden Garden Dr. down the hill to the train trestle and the All Way Stop Sign at the north end of the marina.

You can also turn left onto NW 32<sup>nd</sup> and go down the hill to the stop light at the 7-11 store and turn right onto NW 54<sup>th</sup> Street and follow it under the railroad tracks and around the corner while the street turns into Seaview Ave NW. Proceed north on Seaview Ave NW with Puget Sound on your left. You will go past Rays Restaurant and Anthony's Restaurant, you will see the marina on your left.

I am on Q Dock, there is a large Q at the top of the dock. You may park on or off the street but please do not park in spaces marked "Parking Permits Required" you will be towed.
